WORKPLACE CLOTHING & PPE SINCE 1952

GUIDE TO  
PRODUCTS & SERVICES

# ABOUT US

We are a multi-award winning family business based in Bristol.

We specialise in developing and implementing innovative workwear and PPE solutions to businesses across the UK.

This document provides an overview of the product categories, safety services and PPE brands that we are able to provide through our longstanding relationships with our supply chain, underpinned by membership of Eurosafe - recognised as the leading association of the UK's best independent PPE and workwear distributors.

If you are unable to find the product / service you require, please speak to your account manager or contact us on 0117 982 2080 or [info@mathiasandsons.com](mailto:info@mathiasandsons.com)

We offer a range of BSiF accredited safety services with our supply partners.

This will usually involve a joint site visit by Mathias and a supplier representative.

The services we provide include:

Hand protection audits

Spill management surveys

FR/Arc flash audits

Dynamic foot arch scanning

Respiratory face fit testing

Hearing protection fit testing

Recycling services

On-site fitting services

*“Thank you for coming to Heathrow today to review our hand protection and seeing how we work.*

*The way you were able to provide technical advice for our workforce was invaluable.*

*You were able to see several issues instantly that we were oblivious to, due to your depth of knowledge and experience in the sector.*

*Once again thanks for your help.”*
